JEFFERSON STREET BRIDGE WORK CONTINUATION

Beginning tomorrow, September 26, 2013, traffic on the Jefferson Street Bridge will have alternating temporary lane closures due to continuation of repair work. Arrow boards and cones will direct traffic. The work will consist of a sealer being laid which could not be done during last year's construction season due to weather conditions. The work will be completed on Friday, September 27.

Please use extreme caution when driving in the area. Thank you for your patience during this work.
